Citizens Return Stolen Loot During 'Conscience Week'

TIRO, OHIO.—Citizens of this community can proudly boast that they possess a generous conscience.

A collision with a train killed truck driver Vila Brunell, 38, and spilled his load of golf and tennis balls and tools all over the road.

Residents of Tiro picked most of them up and carted the loot to their homes.

Then Mayor Robert Eckstein and the pastors of the village's two churches, the Rev. R. H. Miller and the Rev. Kenneth Stover, made personal appeals to the people.

The mayor erected boxes marked "for salvaged tools" at the churches and the railroad depot. During Tiro's "conscience week" merchandise valued at $2,000 was put in the boxes.

"Most of the people," explained Mr. Stover, "did not realize they were stealing or doing anything wrong. They were just seized by mob psychology when they saw tools strewn on the ground and made off with what they could."

Any reward offered by the freight owners would be used for some worthy cause the mayor said.

Statistics Show That Spud Business Is in the 'Chips'

NEW YORK.—Today Americans are eating potato chips at the rate of 261 million pounds a year, according to statistics released by National Potato Chip Institute.

Until about 10 years ago potato chips were merely a novelty food but now it takes 1,186,000 pounds of potatoes annually to do the job.

A 200 million dollar a year industry, potato chips have moved up in the social scale and frequently keep company with such highbrows as caviar and rare cheeses. No longer a companion for only a stein of beer, potato chips find their way into movies, nightclubs, homes and restaurants.

There are 250 firms in the potato chip business today. They all sprang up from a freak accident which occurred 95 years ago when an Indian cook dropped a slice of potato into boiling fat and liked what happened.

March is "Red Cross Month."

Seek Men who Inspire Trust and Esteem

★ Four thousand years ago, practitioners of the healing arts were impelled to organize in order to shield the public from the impostures of quacks and charlatans. Similar organizations have been carried along the current of history to the present day. Today the great national associations of physicians, pharmacists, dentists and nurses work separately and harmoniously to keep educational standards high, the impostors out. ●

You cannot exercise too great care in securing the advice of those whose ethical concepts inspire trust and esteem. When ill, consult a registered Doctor of Medicine. If medication is needed, bring your prescription to us.

You can

CASH IN ON SCRAP

STEEL MILLS NEED SCRAP METAL

FROM YOUR FARM

Supplies of scrap for the steel furnaces are critically low. The furnaces thrive on a diet of about equal portions of pig iron and scrap. More scrap is urgently needed, if there is to be enough steel for making farm implements and countless other products. More than three million tons of steel scrap lie idle on America's farms, according to the latest estimates — scrap that only litters up the place, scrap that is wasted where it is. How much is there on your farm? How about the old car body, that rusted cultivator, those old plow bottoms, discarded tools? Every bit helps — and it is needed now.

IT'S HARVEST TIME FOR SCRAP

There's a bumper scrap crop to be harvested this spring — and there's money in it for you. Your scrap dealer will pay for everything usable. You can do three good turns in one scrap harvest:

1. You make some money on what you can't use.
2. You get your outdoor spring housecleaning done.
3. You help the steel mills turn out more steel for the implements and equipment you'd like to have on *your* farm.

Scrap means savings to you — if you'll collect it and sell it. On the first rainy day, when you can't plow or sow or cultivate, put on your oldest clothes and get that scrap together.

HERE'S WHAT TO DO

1. Pile up every bit of iron and steel scrap on your place.
2. Take a payload into town the next time you go. You'll make more money out of it that way.
3. If you can't drive it in, call your scrap dealer and ask him to pick it up.
4. If there is no scrap dealer near you, call your implement dealer. Ask him how to get your scrap started toward the steel furnaces.

High School Chatter . . .

Hi! We are back to let you know the latest happenings around A. H. S.

The Canteen Party sponsored by the Juniors was swell. The Talent Scout program was enjoyed by all. We didn't know we had so much talent here at A. H. S. We want to congratulate Faye on being voted the most talented person in school. She had some very stiff competition, however. If everybody had as good a time as your editor of "Chatter," then everybody had a wonderful time.

We thought we saw Evalina come in with Dick Thursday night, but we didn't see them together very much. Maybe that was because Charlie was occupying most of Evalina's time. Wonder why Verta was so happy? Could it have been because Jimmy was there? And Betsy Wheeler had eyes only for Frank, it seemed. There were quite a few graduates of past years there.

We a e seemed to have enjoyed the Easter holidays. Everybody seems happy, especially the girls who got Easter corsages, and there were many who did.

Quite a few people went away for Easter. Mrs. Cheatham went to visit her daughter, Mary Frances, in New York City. We all enjoyed hearing her tell of her trip, especially of the Easter Parade on Fifth Avenue and her visit to the UNO at Lake Success. Roger and Sam went to Washington. They must have had quite a time from what they tell us.

The Madison College Concert Orchestra is to present a matinee musical, Wednesday, April 7, in the auditorium at 2:00 P. M. The admission is 50 cents for adults and 25 cents for children. We hope you will take advantage of the occasion and attend.

Well, that's all the Chatter for this week.

Circuit Court in session here.

Mr. and Mrs. H. W. Marsh and daughter, Mary Frances, of Gladys were dinner guests Sunday of Mr. and Mrs. D. A. Pugh.

Mr. and Mrs. D. A. Pugh, Mrs. Jack Hamilton and son, Jackil visited Mr. and Mrs. G. T. Marsh Sunday afternoon.

Mr. and Mrs. A. S. Puckett, of Lynchburg visited with Mr. and Mrs. Milbert Elder Sunday.
